Dear Alma Members and Friends,

In partnership with all medical universities in Lebanon, **ALMA** is looking forward to conducting our **15th medical mission with HOME in Lebanon** this year from **June 30th to July 10th**. During these medical clinics, patients will be provided with free consultations, tests, and medications.

This year we will be covering the following villages:

 Saida	 June 30th
 Zahleh	 July 1st
 Akkar/Qaa	 July 2nd
 Akoura	 July 3rd
 Hammana	 July 7th
 Ain Zhelta	 July 8th
 Sour	 July 9th
 Tripoli	 July 10th

We are collaborating with all the Medical Schools Deans to make this mission beneficial for all the underserved communities.

Also, we are planning to host ALMA conference in partnership with the French medical Association, Brazilian medical Association, and the Lebanese Medical and Lebanese Dental association at Beit al Tabib on July 11-12, 2025. At that meeting we hope to learn about Lebanon's healthcare challenges and recovery efforts and hope to lay a strategic road map for the upcoming years. **In addition, during the conference, we will be awarding 40 scholarships to 40 medical students selected from all medical schools in Lebanon.**

We would like to encourage everyone to get involved, whether by participating in either the medical mission, the conference, or both.

If you are interested in volunteering, please contact

Dr. Ray Hachem at 713-907-2839/ r1hachem@gmail.com , or

Dr. George Ayoub at 714-651-6719/ dr.ayoub@mcdaz.com

For interested speakers, kindly provide your short biography and presentation title no later than March 23,2025.

Working together, we can do miracles! If not now, then when? If not us, then who?

Our beloved people in Lebanon are calling us, let's answer the call!!!

George R. Ayoub, DDS, MS
ALMA National President
